

adam broderick salon & spa

dear team,

as part of our ongoing effort to simplify how we work and make it easier for clients to show appreciation for your services, we're excited to share that on december 7th we will be launching a digital gratuity platform called **tippy**[®].

our goal is to make gratuity payments faster,

more seamless, and more convenient ... for both you and our clients. this shift reflects what we're seeing across the industry; more and more guests are choosing cashless options.

key highlights

- tippy is in addition to our current gratuity options: atm, envelopes or in person.
- you will receive your tippy gratuities shortly after your client checks out – ready to spend or save right away.
- tippy gratuities will be summarized on your regular pay stub and w-2 like other earnings as required by the irs.
- our intent is to provide more modern and convenient options for both clients and coworkers.
- please visit ... **adambroderick.com/meevo** for information and instructions on setting up your tippy accounts ...

these must be completed by december 4th

this change supports our commitment ...

to creating a harmonious, efficient, and transparent environment. we believe it will simplify your daily workflow, ensure accuracy, and continue to strengthen trust between you, our clients, and our company.

with gratitude,
